

K-Love is heard on 91.1 FM in this area (Denver and surrounding metro). I believe the station serves me as a resident of this local community by providing commercial-free, positive music and news on my drive to and from work. I believe the community would be deprived of an important source of Christian input if K-Love were to be displaced by an LPFM broadcaster providing any other type of programming. The service provided by K-Love is in the public interest because anyone who listens is given the opportunity to find new life in Christ, on their own terms.
